

Tools & Supplies

Cardstock: Eucalyptus
Watermelon, Blush, Vanilla, & Sugar crepe paper
Pistachio paper straws
Vanilla twine
Large scalloped border die
Die cutting machine
Super stick tape
Hot glue gun

Cutting Instructions

Eucalyptus cardstock 2" x 4" (4 pieces)

For project:

1. Fold two paper straws in half (approx. 4" sections).
2. Use hot glue to attach open ends of paper straws, creating a square.
3. Tie Vanilla twine around each corner of square. Gather all four pieces and knot at top (so square hangs evenly).
4. Cut 18" strips of crepe paper (2 of each color, 8 total). Fishtail each end of crepe paper strips.
5. Drape each strip around paper straw square, 2 on each side. (It will help to hang the square while draping crepe paper).
6. Die cut large scalloped border from each piece of Eucalyptus cardstock.
7. Use super stick tape (or hot glue) to adhere 4 cardstock sides to paper straw base, creating top of windsock.
