CREATIVITY IS CALLING

I cherish spending time with my family. Can you relate? I love the bond we have with one another, and there's nothing more precious to me. I also enjoy connecting with those outside my immediate circle of loved ones, and when I have the opportunity to gather with people who have similar interests, my family feels larger than it is.

Making friends was one of my personal reasons for starting Stampin' Up!® and explains why sharing creativity is now such an important part of my life. As this new catalog says, "Creativity is calling," in part because it can be an important link to others in our fast-paced and technology-driven society.

Finding time to connect with people is so important. It's almost as if we need permission to relax and enjoy relationships, and taking time to be creative is a great reason to gather and feel the comfort and support of one another's company.

Our neighbors drop by our house for a once-a-month papercrafting event, and as we've crafted, snacked, visited, and laughed, they've become our friends. They now bring their friends and family, which means our crafting family is getting larger, and that's half the fun!

Stampin' Up! IS very much like a huge, creative family, and our common bond is the connection with others through papercrafting. Give yourself permission to gather and make new friends! It will enrich your life and the lives of those around you as you connect and share creativity and the experiences of your life.

STAMPS

Our exclusive stamps are known for quality and versatility. Stampin' Up! stamps are designed and manufactured with every level of crafter in mind. All stamp artwork in this catalog is shown full-size unless otherwise noted. Stamp sets come in either cling or photopolymer mediums, listed in each stamp set description. Temporarily adhere the stamps to reusable clear blocks (p. 182) or Stamparatus plates (p. 184) each time you use them. Storage-friendly stamp cases feature stamp set names and images on the spine for quick reference.

CLING

Every cling red rubber stamp comes with a highly adhesive image label. You'll love the detailed images you can achieve with Stampin' Up!'s classic red rubber.

ADHESIVE IMAGE LABELS

Coordinating labels placed on the back of each stamp will help you identify and align your stamps.

EVERYTHING IN ITS PLACE

The Stamparatus includes two plates and is the perfect tool to help ensure your stamped images are flawlessly positioned. The three steps at right show how. Use this tool to layer multiple images, create a scene, nestle small greetings inside larger images, and more. Find all the Stamparatus supplies you need on p. 184-185.

STEP 1

Ink and stamp your large image. Use included magnets to keep cardstock in place.

STEP 2

Position greeting stamps to fit between the stamped lines. Lower the plate—the photopolymer will cling to it—then ink the stamps.

STEP 3

Lower the plate to stamp the greetings, and enjoy your completed multicolored image!

MORE THAN ONE WAY TO MAKE A DIFFERENCE

Helping others comes from the heart! Seek to make a difference in the lives of those around you, whether by thoughtfully sending handmade cards or by contributing in other charitable ways. Share what you've done with #SUDifferencemaker.

"I don't know about you, but I can't ever make just one card. So I make extras and give them to Meals on Wheels to sell and help feed someone in need. Why not turn your passion for stamping into something that gives back to your community?"

JANET GALLION
