- See A Silhouette Designer Paper
 - 3-1/2" x 4-1/2"
 - 3" x 5-1/2"
- Granny Apple Green Textured Weave Ribbon
 - 16"

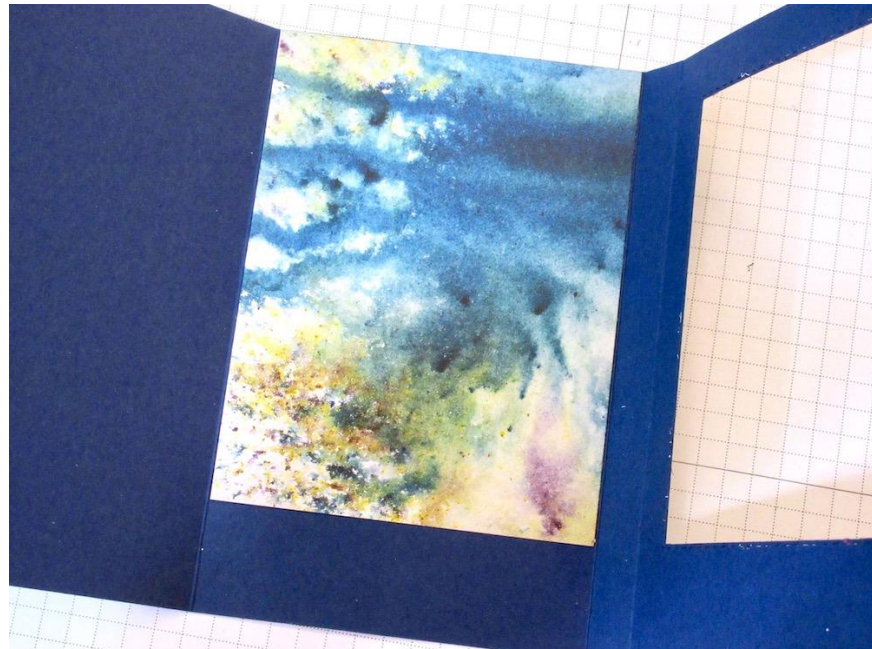

Instructions:

1. Die-cut the 2-3/4" x 1-1/2" and the 4" x 2-5/8" rectangles. Stamp dragonflies in the upper left corner of the larger vertical rectangle. Stamp "Happy Day!" on the smaller horizontal rectangle.
2. Die-cut the cattails from the Basic Black, Garden Green and Granny Apple Green pieces. The die should be positioned up as high as it will go when cutting so these cardstock layers when placed in the card will stagger from shortest to tallest going front to back in the "shadow box" area.
3. After scoring the Night of Navy card base piece, die-cut the fourth section (see photo) with the 4" x 2-5/8" Stitched Rectangle die. Be sure that the die is higher up. The sample card's rectangle window is about 1/2" from the top.

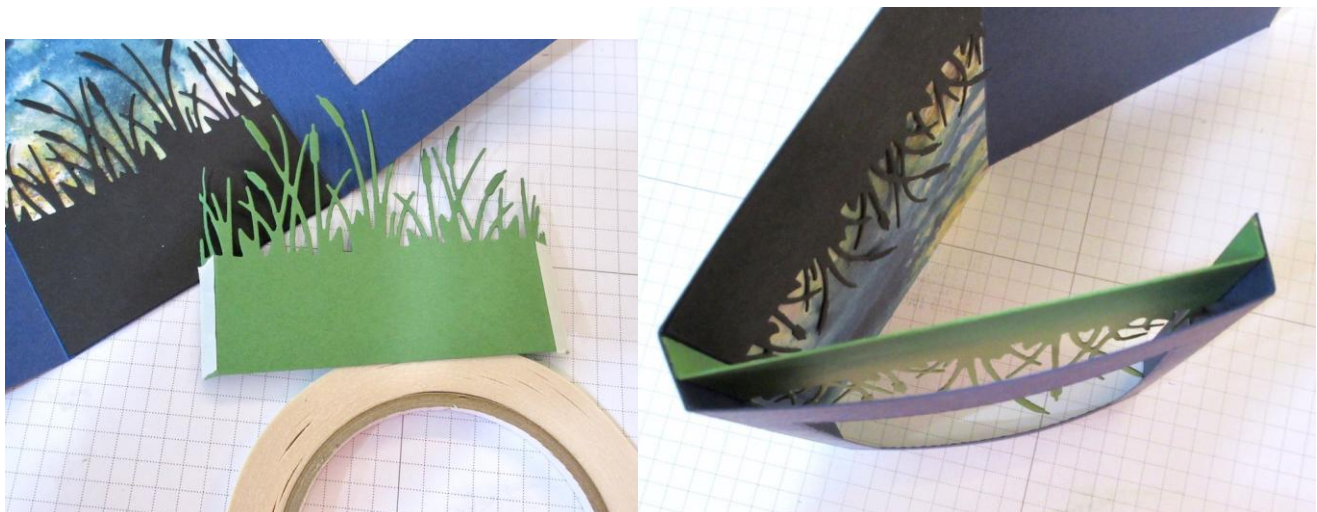

4. Fold the card base on all the score lines so the folds are all valley folds.

5. Add the 3-1/2" x 4-1/2" designer paper to the top of the second section.

6. Then add the Basic Black cattails to the bottom of the second section. This second section will appear in the background of the shadow box area of the card when the card is complete.
7. Add the Garden Green cattails next by folding back the sides, adding Tear & Tape Adhesive to these sides, and adhering the sides to the third and fifth sections of the card base so the bottom edge is flush with the bottom edge of the card and the outer edges of the Garden Green are flush with the score line separating the second & third sections and the outer edge of the fifth section. This will make the third and fifth sections fold inward at right angles. (see photo)

8. Fold the card in on itself to form the shadow box. Add Tear & Tape Adhesive to the ½” wide section. Line up the edge (that WAS the right edge of the card base) with the score line between the first and second sections. Then connect the Tear & Taped section. (Fold the card flat as you make the connections so everything lines up correctly.)
9. With the card folded closed, add the 3” x 5-1/2” designer paper to the right side of the card front. Then add the stamped 2-3/4” x 2-1/2” die-cut rectangle on the designer paper toward the top with the left edge flush with the left edge of the designer paper.
10. Die-cut the cattails from the Cajun Craze Cardstock, snip off the corresponding cattails, and glue them onto the Granny Apple Green cattails.

11. Stamp the inside sentiment onto the Granny Apple Green cattails piece. Then adhere it about 1/8” from the bottom edge of the card on the Night of Navy area below the window.

12. Adhere the larger Whisper White die-cut rectangle opposite the window on the inside of the card.
13. Then tie on the Granny Apple Green Textured Weave Ribbon positioning the knot on the front of the card next to the Whisper White sentiment layer.
