Project Details:

- Merry Merlot Cardstock
 - 4-14" x 8-1/2" scored at 1/2", 1-1/2", 3" and 4"
 - 2-1/2" x 4-1/4" scored at 1/2" and 1-1/2"

 - Scrap for stamping and punching 2" circle
 - 1/2" x 4"

 - 2-7/8" x 4" (Merry Merlot snowflake pattern)
 - 4" x 4-1/4" (Merry Merlot stripes pattern)
- Basic Black Cardstock (optional)
 - 2-1/4" x 2-1/2" for photo mat or just replace with photo

- Joyous Noel Glimmer Paper (Copper)
 - 5/8" x 4"
 - Scraps for die-cutting snowflakes
- Merry Merlot & Copper Reversible Ribbon
 - 16"

Instructions:

1. Put Tear & Tape Adhesive along the edge of the 4-14" x 8-1/2" and 2-1/2" x 4-1/4" Merry Merlot Cardstock pieces just before the 1/2" score lines.
2. Flip the 2-1/2" x 4-1/4" piece over and add a couple strips of Tear & Tape near the other end as shown.

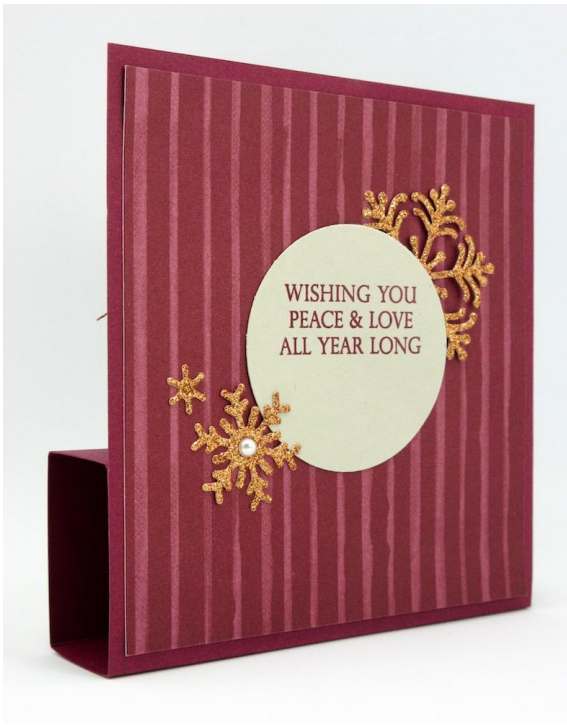

9. Fold the 4-14" x 8-1/2" inward on each score line. Flatten the cardstock back out, and this time just fold at the 3" score line. Hold the card closed, remove the backing on the Tear & Tape, then tuck that 1/2" end under and attach. Release the card from the flattened position, and allow the folds to come back so that the base of the card creates a "step."
10. Stamp the sentiment on the Sahara Sand Strip. Attach this to the Glimmer Paper Strip using Glue Dots. Attach this about a 1/4" from the top of the snowflake patterned designer paper using SNAIL. Then attach this with SNAIL to the top portion of the card as shown below.
11. Attach the smaller 2-1/2" x 4-1/4" Merry Merlot Cardstock piece to the front by flattening the card out again the same way you flattened it before. (You should be able to see the whole designer paper piece that you just added.) Then fold over the 1/2" section of that 2-1/2" x 4-1/4" piece so that the Tear & Tape is all showing on one side, remove the backings. And stick onto the flattened card so that the 1/2" section is towards the top and the other end is flush with the bottom crease on the flattened card as shown here in this second photo. (This is how your card will flatten when you want to put it into an envelope.)

12. Allow the card to pop up so you can see how it will stand on its own. Then decorate the “step panels.” You may want to flatten the card back down when attaching and tying on pieces, though.
13. Add the 2-1/4” x 2-1/2” Basic Black cardstock for a photo mat with SNAIL. Or just attach a photo that size in the front area.
14. Wrap the ribbon around the top “step” and tie into a bow to give that “step panel” the appearance of a gift.
15. Tape on the 4” x 4-1/4” striped pattern paper to the backside of the card.
16. Stamp the other sentiment on the Sahara Sand scrap and punch out with the 2” Circle Punch.
17. Add Multipurpose Adhesive behind the Copper Glimmer Paper scraps, then die-cut several snowflakes from the Blizzard Thinlits Die.
18. Attach these snowflakes and some pearls to the front and the back of your card to embellish.

19. If you want to use a larger photo, switch the sizes of your Basic Black cardstock (or photo) and your striped designer paper to get this look instead. You can sign your card within the circle sentiment piece that is popped up off the photo with a Dimensional.
