Instructions:

1. Using the Crumb Cake Cardstock, emboss using the Old World Paper 3D Embossing Folder. On the 2 x 5" strip of Basic Black Cardstock, use your Tailored Tag Punch to punch a dovetail, or fussy cut using your Paper Snips. On the opposite side of the dovetail, make a 1/2" scoreline using your Simply Scored tool. Emboss the 2 x 5" strip of Basic Black Cardstock using the same embossing folder.
2. Fold the 1/2" piece of the 2 x 5" strip of Basic Black Cardstock over the back of the Crumb Cake Cardstock and adhere on the BACKSIDE ONLY of the cardstock using Tear & Tape Adhesive. Adhere the Crumb Cake Cardstock to the 4-1/4 x 5-1/2" piece of Basic Black Cardstock using the same adhesive. Adhere the two pieces of World of Good Specialty Designer Series Paper to the Crumb Cake Cardstock with the same adhesive.
3. Wrap the Linen Thread around the Basic Black Cardstock strip twice and make a medium size bow.
4. On the 2-1/4 x 2-1/2" piece of Basic Black Cardstock, stamp the chess pieces using a Versa Mark Ink Pad. Pour White Embossing Powder over the stamped image, shake off the excess powder, and heat emboss using your Heat Tool. Fussy cut the image out using your Paper Snips.
5. Do all die cutting according to the measurements above. Using the Tuxedo Black Memento Pad, stamp the chessboards on both labels and the sentiment on the label that will be going on the front of the card. Using Multipurpose Liquid Glue, adhere one label to the designer series paper, and one label to the embossed Basic Black Cardstock lining them up so that you can't see the inside piece until you open the card. Be careful NOT to put adhesive at the top of the label that goes on the front of the card. Don't glue your card closed.
6. Adhere the embossed chess pieces to the label as shown using Stampin' Dimensionals and/or Mini Stampin' Dimensionals. *****Hint***** If you have the black Stampin' Dimensionals, that would work terrific on this project!!! Again, do NOT place any dimensionals at the top of the king or queen piece that may go over the top of the label.
