Instructions:

1. Prepare treat box base by scoring, folding and cutting as directed above. Round the four corners using the Detailed Trio or your choice of corner rounder. Use the photograph above and the video for more guidance.
2. Place your Tear & Tape adhesive on the accordion folded side panels as shown in the photo above. Each of the sections from right to left there should be tape, tape, no tape, tape, no tape and then tape. Remove the release paper from the center sections and adhere the 3-1/16 x 2-7/8" "pages". Repeat the process for the accordion folded paper on the other end of the "pages". You have just built the inside of your box.
3. Now remove the release paper from both of the accordion panels on one side of the box innards and adhere it to the inside of the treat box base. Wrap the base around the bottom of the innards, and then peel the release paper on the other side of the accordion sides, adhere to the box base completing construction of the box. Now let's decorate!
4. Adhere the designer series paper to the treat box as shown using SNAIL Adhesive. Die cut the scalloped circle using Early Espresso Cardstock. Die cut the stitched circle using Whisper White Cardstock. Adhere the two pieces together using SNAIL Adhesive or Multipurpose Liquid Glue, then to the front of the treat box using the same adhesive.
5. On your 2-1/4 x 2-1/4" scrap of Whisper White Cardstock, stamp the mug with the dots as
