6. Score and burnish the Blushing Bride Cardstock using your Bone Folder. Place a strip of Tear & Tape Adhesive across one of the 1/2" sections. As you place each element make sure that it will not be seen when the card is closed.
7. Place another strip of Tear & Tape Adhesive on top of the Window Sheets. Adhere the two pieces of Blushing Bride Cardstock together on the 1/2" glue tabs at the folds, sandwiching in and securing the Window Sheet elements. Trim the excess window sheet off the closed card.
8. Distress the edges of the embossed Vellum Cardstock then adhere it to the card front using Multipurpose Liquid Glue ONLY in the center areas where it will be covered by other papers.
