Instructions

1. Fold and burnish the card with a Bone Folder. Emboss the card front using the criss cross embossing folder from the Basics 3D Embossing Folder.
2. Adhere the designer series paper and the Pretty Peacock label to the card base using Multipurpose Liquid Glue.
3. Stamp the sentiment on the Very Vanilla cardstock using Pebbled Path ink. Also stamp the fishing images using the stamp pads listed.
4. Wrap the In Color Textured Ribbon around the bottom of the small Countryside Corners label, secure with Tear & Tape Adhesive. Use Linen Thread to cinch the ribbon and tie with a tight knot. Adhere the label to the card using Stampin' Dimensionals.
5. Take the second piece of linen thread and fold it. Then tie a thread knot in the folded end. Adhere this knotted piece to the card under the ribbon ends using a Mini Glue Dot. Adhere the stamped, die cut, fishing images to the loose hanging Linen Thread using Stampin' Dimensionals. Trim away the excess thread so the images look like they are hanging.
6. On the inside of the card, adhere the large Very Vanilla corner label using liquid glue. On the large Pretty Peacock corner label, die cut the water edge and puddle using the Gone Fishing Dies. Slide the bobber into the slot, then adhere the water image to the bottom of the label.
7. Embellish the front of the card with Adhesive Backed Solid Gems.
