Instructions

1. Emboss the large Bubble Bath label using the Eyelet 3D Embossing folder. Pop it onto the Simply Scored Tool and score on both long sides at 2-1/4". Burnish with a bone folder making the outer wrap for the box.
2. Score and burnish the Bubble Bath 4-1/4 x 5-1/4" piece using your Bone Folder. Cut according to the template photo above. Assemble the treat tray using Tear & Tape Adhesive. Apply the adhesive to the long tabs inside and the square tabs outside. Bring up the corners to make a box then fold the long tabs in to make a double wall for extra strength.
3. Adhere the tray inside the wrapper using the same adhesive. Be sure to line the tray up to the first score from the right so that the corners of the tray box are inside the scallops. Your tray should not show at all when the wrapper is closed.
4. Adhere the two pieces of 1-5/8 x 2" designer series paper to each end of the 1-5/8 x 7-1/8" designer series paper, covering the Peach Pie side so it doesn't show on the inside of the project.
5. Wrap the box with the designer series paper and pinch to mark the creases. Remove the wrap and burnish the folds with a Bone Folder. Punch the curved ends using the Modern Oval Punch. Insert the ends of the belly band into the punch from the backside. Punch both ends at once to insure they match when the band is on the box.
6. Glue the belly band to the wrap using Multipurpose Liquid Glue and punch a 1/8" hole through the top of both ends at the same time.
7. Fill the box with treats and thread the ribbon through the holes in the belly band. Tie a bow to close the box.
8. Stamp the lavender on Basic White cardstock using Petunia Pop ink, stamp the details on the lavender using Berry Burst ink, the lavender stems using Summer Splash ink and the butterflies using Pretty Peacock ink. Die cut these images and the flowering stems. Color the white die cut flowering stems using Stampin' Blends.
9. Stamp the sentiment on the white stitched banner using Pretty Peacock ink.
10. Gently curl the right side of the sentiment banner. Adhere the flowering stems on the back of the sentiment banner using liquid glue and cut the stems so they don't show at the bottom of the banner.
11. Assemble the lavender using liquid glue then adhere the stamped stems to the front of the banner using the same adhesive.
12. Adhere the banner with flowers to the box using a combination of liquid glue and Mini Stampin' Dimensionals. Pop the butterflies on top of the lavender using Mini Stampin' Dimensionals.
13. Embellish using 2024-2026 In Color Shimmer Gems.
