## *Instructions - Outside*

1. Score the Basic Beige cardstock at 3-1/2, 3-3/4, 7-3/8 and 7-5/8" on the 8-7/8" side then fold and burnish using a Bone Folder.
2. Use the long side of the the largest deckled rectangle die to cut a deckled edge on the notepad cover at the end with the shortest flap. The die is just slightly shorter than the cardstock. You will have to trim the ends just a bit.
3. Emboss the front short and long flaps using the Birch Wood 3D Embossing Folder. Lightly ink the embossed image using Gray Granite ink.
4. Use Tear & Tape Adhesive to secure the notepad to the inside center section of the notepad cover. The cover should have the long side flap on the left and the short side flap on the right. See the picture below.
5. Cut chicken lips at both ends of both long strips of designer paper. Adhere the strips to the long front flap. Adhere one of the designer series paper circles to the short flap using Multipurpose liquid Glue. Be careful not to glue the notepad closed when adhering the circle, you only need a little glue.
6. Glue the two Take a Bow vanilla strips together back to back and then trim off the beveled end on one side of the strip. With the blunt edge of the strip on the right, stamp the sentiment on the strip using Lost Lagoon ink.
7. Fold the ribbon in thirds and adhere it to the back of the strip with Tear & Tape Adhesive then adhere the sentiment strip to the short flap of the notepad cover using a combination of more Tear & Tape and Stampin' Dimensionals.
8. To close the notepad cover, add a Velcro dot on the back side of the sentiment strip then close the cover allowing the Velcro to make contact with the opposite cover of the notepad. Carefully lift and separate the Velcro the first time and burnish both sides gently to secure.
9. Stamp the single bird image and bottom branch with berries from the pair of birds image on the scrap of Very Vanilla cardstock using Tuxedo Black Memento ink. Color using Stampin' Blends. Die cut.
10. Adhere the single bird to the designer paper circle using Mini Stampin' Dimensionals.
11. Adhere the Be Dazzling sprig, the Lost Lagoon pine boughs and the stamped and colored berries to the notepad cover using a combination of liquid glue and Mini Stampin' Dimensionals.
12. Embellish using Earth Tones Shimmer Gems.

## Instructions - Inside

1. Stamp the inside greeting on the vanilla deckled circle using Lost Lagoon ink.
2. Glue the second designer series paper circle on the inside of the notepad cover back to back with the circle on the outside.
3. Cut chicken lips at the bottom end of the designer paper strips and then adhere them on top of the designer series paper circle using liquid glue. Adhere the sentiment deckled circle using the same adhesive.
4. Adhere the Be Dazzling sprig and the Lost Lagoon pine bough to the circle using liquid glue.
5. Tie a tiny bow using the braided center of the deconstructed Wavy Trim. Adhere the bow to the inside using a rolled up Mini Glue Dot.
