Instructions

1. Stamp the More Messages on Very Vanilla using Secret Sea ink. Die cut. Choose three greetings for your card and store the rest with the stamp set for future projects.
2. Emboss the 4 x 5-1/4" Very Vanilla panel using the Dotted Circles Embossing Folder. Adhere it to one of the Daffodil Delight panels using liquid glue.
3. Adhere the 3-1/4 x 4-1/2" designer paper panel to one of the Secret Sea panels using liquid glue, then adhere it to the embossed Very Vanilla panel using Stampin' Dimensionals. This layered panel is your card front.
4. Assemble the rainbow for the card front by adhering the segments to the Very Vanilla rainbow base using liquid glue. Adhere the rainbow to the card front using Stampin' Dimensionals.
5. Score, fold and burnish the 3-1/4 x 11" Very Vanilla panel and fold it to form a "Z". The shortest panel of the "Z" will be on the top and folds from the right.
6. Flip the "Z" over and put adhesive on the back side full panel, then adhere it centered on the other Secret Sea panel. Adhere the now matted "Z" centered on the other Daffodil Delight panel. This is your card back from the inside. Be sure that the short panel of the "Z" is once again on the top and folds from the right.
7. Put some adhesive on the short panel of the "Z" and then, bringing the layered Daffodil Delight card front panel directly over, adhere the card front to the "Z".
8. Flip the card open, see the first photograph below, and adhere the 1 x 3-1/4" designer paper to the far right side of the "Z" using liquid glue. Adhere the sentiment of your choice, rainbow pieces and hearts using the same glue.
9. Make a double bow with Linen Thread and adhere it to the back of one of the sentiments using a Mini Glue Dot then adhere it to the card front using Stampin' Dimensionals.
10. Flip the card open in the other direction, see the second photograph below, and adhere the remaining designer papers, the heart and the remaining label using liquid glue.
11. Embellish using the Muted Palette Dots.
