All at Once, Right Away

2026-2028 In Color Club Bundle

Do you want **ALL** the new 2026–2028 In Colors **RIGHT AWAY**? Do you love the idea of monthly In Color Club meetings and card classes but can not wait months to collect all the products? Then one of the Kitchen Table Stamper 2026–2028 In Color Club BUNDLES might be right for you!

If you want it all right away, we can place the full order with you or for you. However, we recommend and ask that you consider purchasing a Starter Kit instead. That way, you can enjoy a discount on such a big order and earn Stampin' Rewards.

If I can not convince you to join my team...

Here's how In Color Club works with these bundles:

Choose one of these bundles, Just the Basics or I Want It All. Place the order with Stampin' Up! directly in my Stampin' Up! store. We can help you with this! We are placing orders directly with Stampin' Up! so that the order drop ships right to you and **YOU get the Stampin' Rewards**. Please note that the prices indicated are retail price and do not include tax and shipping.

When you order one of these bundles, or join my team and order these items from yourself, you will receive an **Exclusive Color Buddies Reference Guide** with introductory pages, In Color pages with color swatches, a **cardstock swatch ring**, and an **In Color Two-Tone Cardstock Sampler Pack** for free. No need to wait until the end of In Color Club, we will get started on your thank you gift package and mail it out as soon as possible.
