What are the benefits of my In Color Club?

- You get the Stampin' Rewards. You can use your **Stampin' Rewards** each month or save them to use later.
- Buy your ink pads in a bundle and save 10%. Instead of getting one full price ink pad each month, buy the bundle and enjoy the savings.
- No double shipping! Stampin' Up! will ship directly to you when you place your order. Other clubs ship to the demonstrator and require a second shipping charge when the demonstrator ships to you!
- You choose what you buy each month. Buy the featured In Color and the suggested products or anything else your heart desires.
- Unavailable products don't mess up our whole plan, we are flexible to order other items or a different color until Stampin' Up! restocks any In Color products we might want.

*I reserve the option to make substitutions if necessary.
